## FOR IMMEDIATE RELEASE

## Spillway Incident Press Briefing REOPERATION OF HYATT POWER PLANT POSSIBLE TODAY

**Oroville, Calif.** – There will be a press briefing at noon today, March 3, 2017. It will be held at the Department of Water Resources Oroville Field Division office, **460 Glen Drive Oroville, CA 95966**.

Topics of the day:

- · Reoperation of Hyatt Power Plant
- Hydrology and upcoming weather

For those unable to attend, a conference line has been established. Please call (866) 508-9046 and enter the following code: 5743919. This is for listening purposes only. No questions will be taken over the conference line.

Lake conditions, including lake levels, inflows, and outflows can be obtained via a recorded message at 530-534-2307. More information is available on the <u>California Data Exchange Center</u>.

To News Media: For your safety and the safety of crews working in the construction zone, members of the news media are advised to wear Personal Protection Equipment (PPEs) - hard hat, reflective vest, and sturdy shoes/boots. Those not following this guideline will be asked to leave the area.
